History of AVID

- AVID was developed in 1980 with the mission to close the achievement gap by preparing all students for college readiness and success in a global society.
- AVID now serves nearly one million students in more than 5,000 schools in 47 states and 16 countries!

AVID students have a 98% graduation rate compared to an 82% national average!

“AVID has helped me make the right academic choices to prepare me for my future in college or in a career” –

Enyi Martinez

How do students benefit from being in the AVID elective course?

- Students receive instruction utilizing a rigorous college preparatory curriculum directly provided by AVID Center
- Students engage in tutor-facilitated study groups
- Students participate in motivational activities to increase engagement
- Students participate in activities that include writing, inquiry, collaboration, organization, and reading to support academic growth and success.

CCHS AVID Site Team

To institutionalize the AVID philosophy and methodology, our teachers participate in staff development training. Teachers understand and utilize specific AVID strategies for learning. These include but are not limited to, interpersonal skill development, self-advocacy skill development, collaborative study groups, daily writing, high-level questioning, and reading to improve comprehension skills.
